

Skill-5

```
himasree@LAPTOP-41COT5AA:~/OSLab$ nano quotes.c
himasree@LAPTOP-41COT5AA:~/OSLab$ gcc quotes.c -o quotes
himasree@LAPTOP-41COT5AA:~/OSLab$ ./quotes
===== SINGLE QUOTES =====
Single quoted text: 'Hello World'
Literal variable text: '$name'
Literal command text: 'ls -l'

===== DOUBLE QUOTES =====
Double quoted text: "Hello World"
Variable value: "Himasree"
Command with spaces: "ls -l"

===== COMPARISON =====
Single quotes: '$name'
Double quotes: "Himasree"

===== EDGE CASES =====
Empty single quotes: ''
Empty double quotes: ""
Multiple spaces: "Hello      World"
Nested single quotes: "'Hello'"
Nested double quotes: '"Hello"'
himasree@LAPTOP-41COT5AA:~/OSLab$ |
